All of our stock vendors (except the V5 Dual Vendor) are white enamel with separate locked coin box and all metal parts. Rochester Midland vendors are known as the standard of the industry and are easy to operate, trouble free and feature a lifetime warranty (except for vandalism).

ADA handles come as a standard feature on all our stock vendors (except the V5 Dual Vendor). These handles meet ADA requirements and turn easily with less than 5 pounds of pressure. These handles can be special ordered to quickly convert an existing vendor.
